before the other side Strike - I have raised
some money this Spring here - sent on
to New York about \$50 - a few weeks
ago - but I should think with two or
three lectures 50 or 100 dollars more
might be raised - and I think you might
get a good list of subs - for the Abolitionist.
Would it not be well to organise a new
City Society here? Give me as much
notice as you can when you can come.
Friday, Saturday, Sunday & Monday, would
be the best evenings if I except next
week Saturday evening -

Yours truly

affectionately

new organization? And why not publish
its list of offices? I am sorry you appoint-
ed Old Father Sprague one of the vice
pres- Seth Jr was the man - was there
not a mistake in mailing the letter?

I have no doubt Hampden, Hampshire,
& Franklin Cos will change their auxiliary
ship from the old to the new Society at
their next Annual Meetings -

I highly approve of ~~forming~~
forming a new soc. in Essex Co - Go ahead
with this business - I cannot do much
for you this year, my station is large
and responsible and requires my whole
time, attention, & strength -

I know no reason why Lee would not
make good General Agent. I am not
acquainted with his managing business
tactics - ^{he} is the very man however
for a lecturing Agent in the State -
Get him by all means if possible.
Stanton would make the best General
Agent I know of. Storrs would do well.
& so would Lee I presume.

I hope you or St Clair will come
up and lecture two or three evenings
by all means immediately - Come

Fr. M. Phelps -

Yours is recd - I know the
brethren you name, but have not time to
go into the merits of the question in a private
letter with each of them, at present. I intend,
however, to write a communication or
two soon through the Herald on the sub-
ject, which they will see. I mean also to
give the abolitionist an article - and
the Perm. Freeman, & Philanthropist
at Cincinnati - By the way, why don't
some of our brethren write for the ab-
olitionist under their proper names?

Mr Wright does well - very well - But one
man, though he were the greatest & best
on earth, cannot make a paper what
it should be. Are you not a little too much
afraid of opposing Garrison, and ^{his} folly?

If you don't oppose him - and perhaps
it is best not to - I would not have
his name in the paper - I would ^{not} notice
his speeches - nor give notices for his
lectures - "Touch not, taste not, handle not the
unclean thing!"

Why don't you publish the resolutions
which we passed at Lynn in favor of the
